

Smart Solutions & Hardware

powered by  **ALARM.COM**

Alarm.com delivers innovative, smart technology solutions that provide better security, convenience and control for residential and business customers.

Our commitment to technology leadership gives our Partners an edge for success with first-to-market services and features that open new opportunities for growth and high-value account creation. With an industry-leading range of panels, a large and rapidly growing ecosystem of devices and a complete family of mobile apps, Alarm.com helps you deliver the right solution to match any customer need.

OUR PARTNERS

RECENT AWARDS

Smarter Business Solutions

Alarm.com offers a full suite of interactive services tailored to support a wide range of small and medium sized businesses, from single properties to multi-location enterprises.

SMARTER BUSINESS SECURITY

Keep your customers' properties secure and protected from tampering, power outages and service interruption.

BUSINESS INSIGHTS

Your customers can monitor day-to-day business activities and know what's going on at all times.

ENERGY MANAGEMENT

Help your customers reduce energy waste, save money and easily manage temperature and light settings.

VIDEO SOLUTIONS FOR BUSINESS

Our wide range of video solutions can flexibly address the unique monitoring requirements of business properties.

SMARTER ACCESS CONTROL

Integrated connected locks and card readers provide a secure and easy way to manage access control solutions for all property types.

Smarter Home Solutions

Allow your customers to monitor, protect and automate their homes like never before. Alarm.com seamlessly connects all the key devices in the home on one platform, making them easily controlled through a single, intuitive app.

SMARTER HOME SECURITY

Our platform is engineered to ensure homes stay protected even if the power is out, the phone line is cut or the panel is smashed.

VIDEO MONITORING

Customers will never miss a moment with real-time video alerts and peek-in access to live streaming video.

WELLNESS

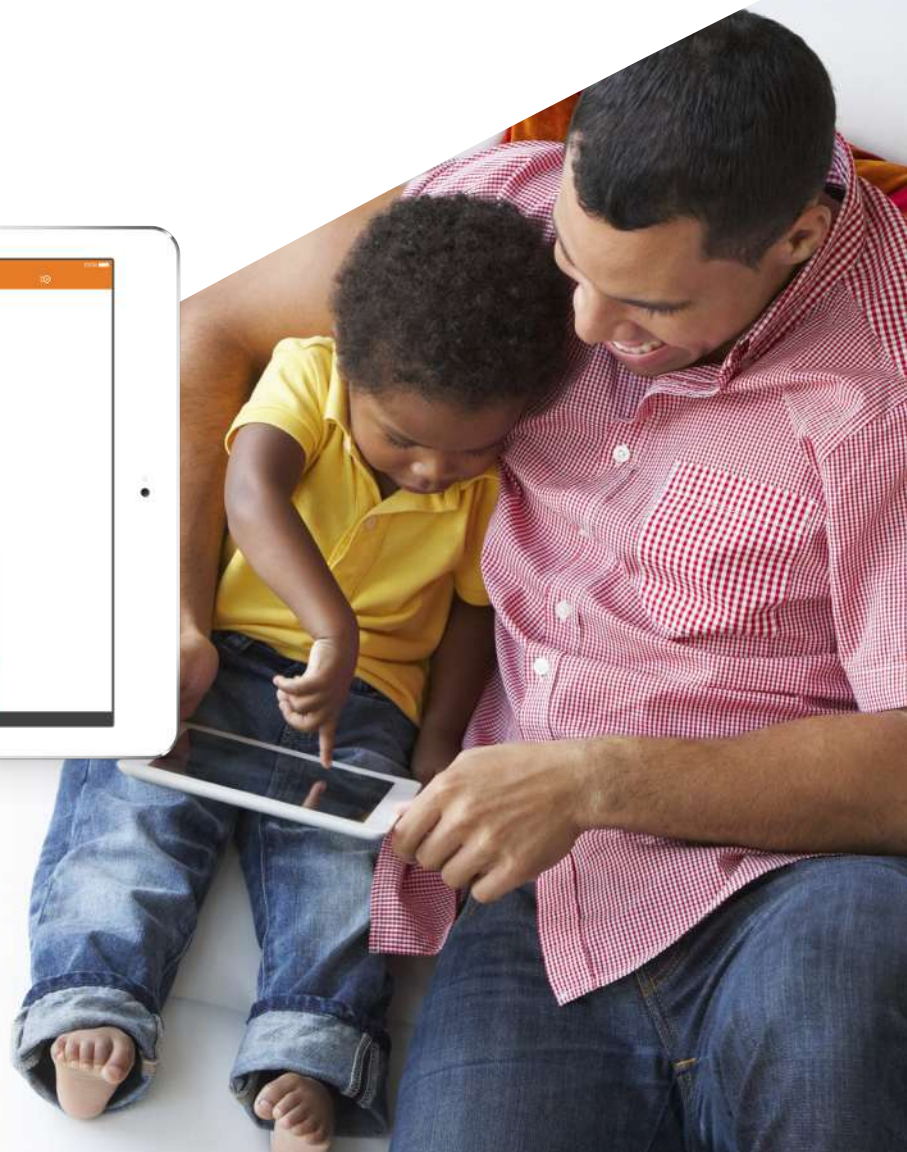

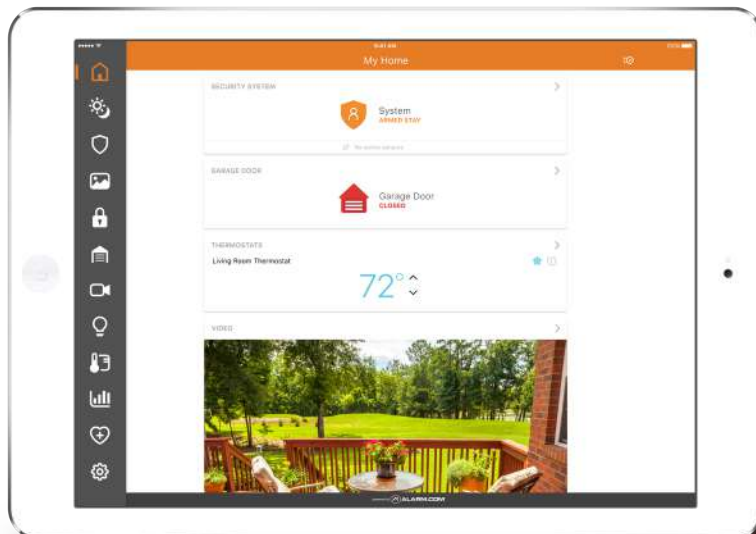

Wellness offers a secure, cost-effective option for independent living with safety, security and comfort.

HOME AUTOMATION

Give customers simple control and intelligent automation across all their connected devices, including lights, locks, garage doors and more.

ENERGY MANAGEMENT

Keep your customers' homes comfortable and allow them to easily monitor usage and save energy.

MODULES

Alarm.com offers our Partners the flexibility to choose the dedicated communication path that works best for each installation—including Dual-Path and the broadest selection of LTE options.

SYSTEM ENHANCEMENT MODULE (SEM)

The SEM is the easiest and most cost effective solution to upgrade compatible Honeywell Vista and DSC PowerSeries panels without replacing the existing hardware.

IMAGE SENSOR

This completely wireless, image-capturing motion sensor, only offered by Alarm.com, provides an easy, affordable view into a home or business.

- Night vision LED flash
- Instant alerts with photo via text and email
